A. The wholesale price is \$189.00 USD, and the PV is 120.

Q. Can I put the 8-Day Jumpstart on my Subscription?

A. While the 8-Day Jumpstart CAN be added to a subscription, we recommend only doing a Jumpstart 3-4 times a year max.

Q. Can I switch out flavors for Lean and Trimstix?

A. Currently the 8-Day Jumpstart product does not allow for flavor selection. Lean Chocolate and Trimstix Fruit Punch are currently included in the 8-Day Jumpstart.

Q. How does this 8-Day Jumpstart differ from the Jumpstart in a system?

A. The product timeline differs slightly from the system 8-Day Jumpstart. The 8-Day Jumpstart program specifies that Accelerate with Thermolite Blend™ should be taken with lunch, and System Guidebook states it should be taken in the mid-afternoon. Both options will work with either plan; the most important factor is consistency. Take Accelerate the same time everyday to boost your metabolism.

The 8-Day Jumpstart also includes Resist which is not normally included in a Xyngular system.

Q. Is the 8-Day Jumpstart a cleanse or detox?

A. It's so much more! The 8-Day Jumpstart is designed to help rapidly reset your body for continued weight loss or to jumpstart a wellness program. You can lose up to 15 lbs in eight days when you follow the meal plan and product schedule.

Q. How often should I do an 8-Day Jumpstart?

A. We do not recommend you do an 8-Day Jumpstart meal plan back-to-back. Allow at least 30 days before you follow the 8-Day Jumpstart meal plan. All products except Flush can continue to be used. You should give yourself at least an 8-day break before you use Flush again.

Q. What should I do after the 8-Day Jumpstart?

A. After an 8-Day Jumpstart, you should continue your wellness journey by hopping onto a monthly subscription. Xyngular offers subscription bundles to meet any need, from continued weight loss to wellness support. Check out the Trim Down Trio, Firm Foundation Bundle, or Little Lighter bundle today!

Q. Are there any other products I should take after the 8-Day Jumpstart?

A. You should continue taking all your Jumpstart products, except for Flush. We recommend you add in Probiotix Post-Jumpstart to help support your gut health and supplement your probiotic strains in your digestive system.

Q. Can I continue taking all the same products after my 8-Day Jumpstart?

A. You can continue taking all the same products in your 8-Day Jumpstart after the initial eight days, except Flush. Make sure to take at least an 8 day break from Flush after your Jumpstart program.

Q. Can I complete a system after my 8-Day Jumpstart?

A. If you would like to complete a Xyngular System, such as the Ultimate, after your 8-Day Jumpstart move directly to the Post-Jumpstart guidelines for your meal planning and product usage.

Q. Can I purchase products in the 8-Day individually?

A. The individual servings of products included in the 8-Day are not available for purchase. You can, however, purchase each product included in the 8-Day Jumpstart in a 30-serving size.

Q. How can I get reminders to take my Xyngular products?

A. We have included a product timeline, meal plan, daily text reminders, and daily email reminders to accompany the products, so it is easy to follow.

Q. Does the 8-Day Jumpstart include access to Xander?

A. No, Xander is a virtual coach that is included with the purchase of a system. The 8-Day Jumpstart is designed to be simple enough that it doesn't require additional support. If you would like to try access to Xander you can purchase a 30-day subscription for \$5.00 USD or \$7.00 CAD.

A. Absolutely! The 8-Day Jumpstart includes six Xyngular products to each be taken once a day. If you want to take additional products you can. Make sure to consult product labeling for appropriate usage.
