

Collagen

FAQ

Q: What are the benefits of Xyngular Complete Collagen?

- A:
- Supports joint health
 - Supports bone formation and maintenance
 - Amino acids to help collagen formation
 - Digestive enzymes

Q: How do you recommend using Xyngular Complete Collagen?

A: We recommend taking a full serving mixed with 250 ml of room temperature water once a day.

Q: Can I take Xyngular Complete Collagen with something other than water?

A: Yes, you can mix Xyngular Complete Collagen with any liquid you would like to best fit your lifestyle.

Q: What makes Xyngular Complete Collagen different from other collagen products?

A: Xyngular Complete Collagen is made with a unique composition of superior ingredients. With three different high-quality sources of collagen types I, II, III, V, and X, which allow for a higher quantity of amino acids, and the ability to support a variety of different areas in the body. It also includes collagen-specific digestive enzymes and vitamin C to improve collagen absorption and natural collagen production. We also perform heavy metal testing on each lot to ensure levels meet standards.

Q: What are the key ingredients in Xyngular Complete Collagen?
