FAQ

Question: What makes Advanced Omega different from other fish oil products?

Answer: Advanced Omega provides a blend of three essential Omega-3 fatty acids, while most fish oil supplements only contain one or two.

Question: Does Advanced Omega have a fishy aftertaste?

Answer: No, Advanced Omega contains lemon oil to ensure no fishy aftertaste.

Question: How is the marine oil in Advanced Omega sourced?

Answer: Advanced Omega contains fish oil that is wild-caught and Friend of the Sea certified. This certification protects sustainable fish stock by requiring no endangered species be used, while fishing only in season, and within a specified quota.
