

FAQ

Q: What are the benefits of Probiotix™?

- A:
- Improves gut health*
 - Reduces gas and bloating*
 - Helps optimize nutrient absorption*

Q: How do you recommend using Probiotix?

A: We recommend using Probiotix once daily, without food.

Q: What makes Probiotix different from other probiotic-health products?

A: As opposed to a capsule, Probiotix is a stick packet that immediately starts delivering probiotics to your mouth for better oral health.* Probiotix also provides two clinically researched strains that support both gut and oral health.*

Q: Should I eat food before taking Probiotix?

A: No, you do not need to take Probiotix with food.

Q: What are the key ingredients in Probiotix?

A: 3 billion CFUs (colony forming units) of the probiotic strains Lactobacillus rhomnosus, and Bifidobacterium lactis.

Q: How much water do you need to take Probiotix with?

A: No water is needed! Probiotix is a direct-to-mouth stick pack.

Q: Where is Probiotix made?

A: Probiotix is manufactured in the United States in a GMP (Good Manufacturing Practices)-compliant facility.

Q: Does Probiotix contain fish or shellfish?

A: No, Probiotix does not contain any fish or shellfish products.
