

What is Probiotix?

Probiotix™ is a peach flavored probiotic powder that contains 3 billion CFUs (colony forming units) per stick packet. Probiotix supports oral and digestive health, reduces gas and bloating, and helps optimize nutrient absorption.*

Benefits and Features

- Improves gut health*
- Reduces gas and bloating*
- Helps optimize nutrient absorption

Key Ingredients

- Lactobacillus Rhamnosus
- Bifidobacterium lactis

FAQ

Question: Question: What makes Probiotix different from other probiotic-health products?

Answer: As opposed to a capsule, Probiotix is a stick packet that immediately starts delivering probiotics to your mouth for better oral health.* Probiotix also provides two clinically researched strains that support both gut and oral health.*

Question: Should I eat food before taking Probiotix?

Answer: No, you do not need to take Probiotix with food.

Question: How much water do you need to take Probiotix with?

Answer: You can pour Probiotix directly into your mouth.

Directions

Take one stick packet direct-to-mouth, once daily.
