# Founders Club 2020 Notes

---

1. One additional night's stay immediately before or after the group trip dates at the Xyngular-booked property. Includes room and tax charges only. If a Distributor qualifies for two additional nights (250 points), they can use both nights before or after the trip, or use one on each end of the trip.
2. Top Point Qualifier must meet all other Founders Club trip requirements to be eligible for the trip and room upgrade.
3. Must have 120 PV each month to receive Founders Club points. If a Distributor has less than 120 PV in any given month, they will forfeit any points earned during that month only.
4. Distributor will receive five points for every 1200 PV of inception volume they personally sponsor in a calendar month. Both Member and Distributor enrollment volume counts toward inception volume totals. Inception volume is defined as the volume from any order placed by a new Member or Distributor during their first calendar month.
5. Distributor will receive five points for every first-time rank advancement for each rank between Manager and Director by a first-level Distributor during the qualification period. For example, if a new first-level Distributor advances to Manager, Silver Manager, and Gold Manager during the period, the sponsoring Distributor would receive five points for each advancement, for a total of 15 points.
6. Distributor will receive five points for each personally enrolled first-level Distributor who earns a Quick Start Bonus during the qualification period.
7. Once a first-level Distributor achieves a new rank, the sponsoring Distributor will receive two points in each additional month that the first-level Distributor maintains their highest attained rank. For example, if a new Distributor advances to Manager, Silver Manager, and Gold Manager, the sponsoring Distributor will only earn maintenance points in months that the first-level Distributor maintains Gold Manager. Only two points per first-level Distributor can be earned each month.
8. Must be a system-generated subscription. An order that processes as a non-subscription order and is later requested to be modified to a subscription order will not count toward this requirement. No exceptions.
9. To qualify for event recognition, Distributor must earn 25 or more points and help two first-level Distributors advance to a new rank, for each rank between Manager and Director; or earn a Quick Start Bonus. For Founders Club qualification purposes, Quarter 1 is October-December, Quarter 2 is January-March, Quarter 3 is April-June, and Quarter 4 is July-September. Quarterly recognition can be earned independent of the Founders Club trip; it is not required to earn 25 points per quarter to qualify for the trip.
